PatienTech

PATENTED STRETCH SENSORS The heart of our system is an innovative pressure sensing fabric that is stretchable and breathable.

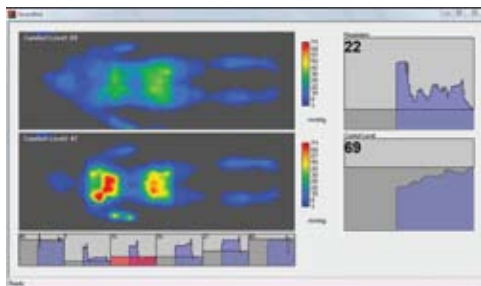

Bed name	#	Comfort Check
Bed A	0	★★★★☆
Bed B	0	★★★★☆
Bed C	0	★★★★☆
Bed D	0	★★★★☆

BodiTrak

BodiTrak Point of Sale easily lets you guide your customers through the mattress selection process. And it helps them discover the best personal setting for any adjustable mattress.

BodiTrak Point of Sales (POS) Systems Are Available With:

- BodiTrak POS software or a custom version for your store
- BodiTrack computer interface
- Unique, Durable, Elastic sensing mat
- PC Workstation configuration or Mobile use with wireless and touch-screen tablets

BodiTrak Smart Beds are also available as a sleep solution that maximizes a sleeper's comfort needs all night long!

Sleep options are scanned and scored with a comfort index to help the consumer select the best product for their personal needs—the one that will give them a better nights sleep... and your store a more satisfied customer!
